I, David Hawkins, MH, CNC, am neither a medical doctor nor a psychologist, and do not hold myself out as one. I am a Health Care Practitioner, a Master Herbalist and a Consultant of Natural Health. As my client, you will be taught a lifestyle of healthy living. This lifestyle is known as Natural Health and is not a substitute for medical treatment.

Here, you will be educated in the effective productive use of pure water, fresh air, sunshine, rest, exercise for relaxation, strength and flexibility, enzyme-active foods, and the importance of attaining a positive outlook. This is called Natural Living.

In response to the above declaration, I agree to always seek medical advice for medical treatment, and that I am here to learn the effective use of Natural Health in my daily life. I also acknowledge that nothing in the teachings of David Hawkins, MH, CNC, is for the diagnosing, treating, alleviating, mitigating, curing, or caring for “disease” in any way or manner. I clearly understand that “diagnosis” or treatment of any kind for “disease” is outside of the scope and practice of Natural Health. I acknowledge that my purpose for being here is to learn Natural Health, and that all teachings and methods administered are for the sole purpose of assisting myself and others in learning how to build our own health.

I also authorize David Hawkins, MH, CNC, to release pertinent information from my files to my referring Health Care Practitioner.
